

Application: Fan Housing heaters are used inside cold rooms on cooling coils units for removing Ice from fan blade cowling, Rim and collars.

These heaters provide proper heat dissipation and maximum surface coverage. These heaters are moisture and water resistant.

Pad heater

Fan Housing Heaters Flexible Belt Type

Cat no.	Fan Housing Diameter	Heater length	Heater width	Voltage	Power
FHHB630	630mm	1994mm	50mm	230V	325watts
FHHB710	710mm	2245mm	80mm	230V	350watts
FHHB800	800mm	2528mm	80mm	230V	400watts
FHHB900	900mm	2528mm	80mm	230V	450watts

SS Tublar Heater

Fan Housing Heater Tubular Type

Cat no.	Fan Housing Diameter	Heater Ring Dia	Heater Dia	Voltage	Power
FHHT630	630mm	600mm	8mm	230V	1000watts
FHHT710	710mm	680mm	8mm	230V	1000watts
FHHT800	800mm	770mm	8mm	230V	1500watts
FHHT900	900mm	870mm	8mm	230V	1500watts
